## GAMES

### ⚡ PIXEL

#### MOST POPULAR

In Pixel, the primary goal is to collect all blue tiles, avoid red tiles, and return to the green zone within 30 seconds to advance to the next round.

-  = Your teams shared lives. Touch a red tile, and your team loses **one of 5 lives!**
-  Players have 30 seconds to complete the objective to move to the next stage.
-  All green tiles are safe for the entire round, use them strategically!

### ⚡ HIGHSCORE HUNT

The objective of High Score Hunt is to collect as many blue tiles as possible while avoiding red tiles within a 30 second time limit.

-  Score 100 points stepping on blue tiles. Step on them all to respawn more!
-  -200 points for every red tile you step on, watch where you're stepping for the highest score!

### ⚡ SWITCH

#### REGULAR

Memorize the color that lights up the full floor and swiftly find and stand on it when the floor randomizes. **You have 5 seconds to locate the color and stand on it.** Stay sharp and survive all of the rounds!
